

Journey for a Tobacco-Free World

www.tobaccofreeworld.ca

778 899-4832

Errol Povah, President of Airspace Action on Smoking and Health, is currently **walking across Canada**, 42 km a day, 6 days a week, for about 6 months in this epic journey!

His Mission: To raise awareness about the continued scandalous practices of the tobacco industry which annually kills 47000 Canadians (more than alcohol, drunk driving, car accidents, drugs, murder, suicide and AIDS *combined!*), and 5 million (and rising) globally.

His Ultimate Goal: To put the tobacco industry out of business!

Your help is needed!

Please help **raise awareness** about the Journey: in schools, or through the internet, media or flyers; it is all welcome!

Tax-deductable donations available on website through

Physicians for a Smoke-free Canada!

Contact Errol (778 899-4832) at any time for more info!
